

Story:

The Grinch wants to ruin Christmas. You have to find out who is the Grinch. Only the Grinch can lie.

There are 2 parts of the game. Night-time and Daytime. During the night, everyone has an action they must perform. The Narrator (or Teacher) will read the script and make sure everyone is doing their correct action.

During the daytime, everyone must discuss who did what and try to figure out who the Grinch is. You have 3 minutes to discuss (or however long the Narrator allows). At the end of the discussion everyone votes for who they think the Grinch is.

If everyone discovers the Grinch, they win. If No one discovers the Grinch, the Grinches win.

*This game is a Christmas-themed adaptation of [One Night Ultimate Werewolf](#) for ESL Classroom use.
